LUCIANO NICOLÁS AMATO

Respectful, charismatic and companion. Professional and ethical in my approach to work. Enthusiastic about growing in the IT industry, I face professional and technical challenges. Experience in front and back-end projects, thoroughly understanding web architecture. Ready to consolidate skills and grow in the field. My results-oriented approach, problem-solving ability, and communication skills are assets that I can bring to a work team. I am committed to my professional growth and look forward to new challenges.
